Subject: settlement

1414 Arlene Street,
Redlands ,CA92374.
January 5, 2002,

Dear Department of Justice, Senate, Congress and The States of Our Union,

This letter confirms my total agreement to settle the lawsuits against Microsoft. As a U.S Citizen and consumer who regularly purchases numerous Microsoft products, I can attest that Microsoft has dealt fairly with me by their pricing and business practices. I have never been forced to purchase their products through any kind of illegal business practices. As a result I find that any and all accusations made against this company on my behalf as a consumer very frivolous and false. Therefore I humbly request that the Justice Department and the United States Senate , Congress and the States of our union, proceed with all speed in the interest of our economy and Constitution to settle any and all lawsuits that arise from the alleged false accusations.

Sincerely,
Leslie A.I. Duncan
